HISTORIC FORT APACHE NOT TO BE ABANDONED

That Is Opinion of Representative
Brooks of Gila.

Despite the fact that there has
been much talk within the past sev-
eral months that the government is
likely to abandon Ft. Apache as a
military post it is the opinion of
Representative William E. Brooks, of
Gila county, that such a move need
not be expected, at least not for sev-
eral years. In discussing the matter
yesterday Mr. Brooks said:

"I do not think there is any like-
hood that the government will aban-
don this post at any time in the
near future. For one reason it has
been for a sort of military center
and in the second place the presence
of troops there is absolutely neces-
sary. It must be remembered there
are large numbers of the White
Mountain Apaches all through the
hills in that section; and these
Indians have failed to adopt the civ-
ilization of the white man to any
considerable extent. In fact they are
the real Indians of the old border
days and I feel confident the pres-
ence of the military is essential to
preserve in them the idea that order
is a necessity.

"It is true that maintenance of a
military post there is a good deal
of a bluff. The criticism is not di-
rected against the men but against
their equipment. For instance, the
cavalry horses are so old they are
almost worthless and if their service
were required in action they would
be of very little account. They can-
not cover anything like the number
of miles in a day that an Indian
pony is able to travel and I would
hesitate to say how long some of
them have been there."

But despite that fact Mr. Brooks
is firmly convinced the presence of
the military has a salutary effect on
the conduct of the Indians who, he
thinks, might be inclined to cause
trouble if there were no army post
in that vicinity.

NO EMERGENCY CLAUSE ON AUTOMOBILE BILL

It Will Not Become Effective Before
September 22.

It is perhaps not generally under-
stood that the automobile regulation
bill, which was passed by the legis-
lature at the special session, did not
carry an emergency clause. That,
however, is the fact; and as the bill
was signed by the governor June 22
it consequently will become effective
September 22.

It is also probable that many peo-
ple, even among the owners of auto-
mobiles, are not fully informed of the
provisions of this law, the main points
of which are as follows:

It is provided that all owners of
automobiles shall file their names and
addresses with the secretary of state,
together with a brief description of
the machine, which description shall
include the factory number.

The annual registration fee shall be
\$5 for each machine up to and
including 40 horse power; and for all
in excess of 40 horse power the an-
nual registration fee shall be \$10.

When the necessary information has
been filed with the secretary it be-
comes his duty to assign a number
with the owner who is also given a
seal.

In the case of dealers it is required
that one of each of the types han-
dled or offered for sale be registered
in the secretary's office. The pur-
chaser of a machine has five days in
which to comply with the require-
ments of the law.

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a try-
ing one to most women and marks dis-
tinctly an epoch in their lives. Not one
woman in a hundred is prepared or un-
derstands how to properly care for her-
self. Of course nearly every woman
nowadays has medical treatment at
such times, but many approach the
experience with an organism unfitted
for the trial of strength, and when it
is over her system has received a shock
from which it is hard to recover. Fol-
lowing right upon this comes the ner-
vous strain of caring for the child, and
a distinct change in the mother results.

There is nothing more charming than
a happy and healthy mother of children,
and indeed child-birth under the right
conditions need be no hazard to health or
beauty. The unexplainable thing is that,
with all the evidence of shattered nerves
and broken health resulting from an un-
prepared condition, and with ample time
in which to prepare, women will persist
in going blindly to the trial.

Every woman at this time should rely
upon Lydia E. Pinkham's Vegetable Com-
pound, a most valuable tonic and invig-
orator of the female organism.

In many homes
once childless there
are now children be-
cause of the fact
that Lydia E. Pink-
ham's Vegetable
Compound makes
women normal,
healthy and strong.

If you want special advice write to
Lydia E. Pinkham Medicine Co. (confi-
dential) Lynn, Mass. Your letter will
be opened, read and answered by a
woman and held in strict confidence.

MUST BE TEST OF VALIDITY OF ELECTION

(Continued from Page One.)

pretty pickle from this one cause alone.
And that brings us to the possibility of
another extraordinary session in No-
vember and December next.

It is complicated not to say cruel.
Here are about 100 patriots throughout
the state willing to continue serving
their country indefinitely and they
don't know whether they are to be giv-
ing the chance. They don't know whether
they will have to run again; and
some of them are painfully aware that
it would be hardly safe to do so. And
they find themselves in the position of
having declared for a short time offi-
cial life when they wanted the job;
and of finding out now that it will be
extremely uncomfortable even to at-
tempt to keep the promise.

Also, it will be recalled, the demo-
cratic members of the constitutional
convention and the democratic party
generally, declared positively that the
constitution is the best that ever was
or ever could be written. And now
they are put in the position of admit-
ting they didn't even know what that
faultless constitution means.

And they don't even know if the law
they passed is worth anything or not.
They don't know if it will fit the con-
stitution and they don't know if the
constitution will fit it. They don't
know if they are going to have an elec-
tion or if they are not. They do not
know they want to hold on to their
office but they are not sure if they
will be able to do that or not. And it
has been insisted from the beginning
that the democrats were the only peo-
ple capable of running the state gov-
ernment.

And there are some other gentlemen
who are on tenter hooks. These are
the democratic statesmen who feel that
they are called upon to wrest the ex-
ecutive office from the hands of the
present incumbent. There are some
of them dead willing to take a
chance at the governorship and are, it
is believed, ready to announce their
candidates. But how can they when
they don't know whether there is to be
an election. And how can their friends
do anything when it may be of no
avail. As already remarked it is a
crisis situation. Also, it is a situation
not likely to arise except under the
kind of leadership with which the
democrats of Arizona are blessed.

It is now well known that not more
than one case of rheumatism in ten
requires any internal treatment what-
ever. All that is needed is a free
application of Chamberlain's Limb-
ment and massaging the parts at
each application. Try it and see how
quickly it will relieve the pain and
soreness. Sold by all druggists.

NOTICE OF CHANGE OF CO- PARTNERSHIP.

Notice is hereby given that Lou
Emerson has withdrawn from the co-
partnership formerly consisting of Joe
Fink, Jean Orteig and Lou Emerson
and conducting a meat market at 36
North First avenue, Phoenix, Arizona,
under the name of Salt River Valley
Meat Company. All the property be-
longing to said company has been
taken over and all the liabilities of
the company have been assumed by said
Joe Fink and Jean Orteig. Business
will continue to be conducted under
the name of Salt River Valley Meat
Company, but said Lou Emerson will
have no further interest therein from
date hereof.

Dated the 19th day of June, 1912.

BAD CITY FINANCIERING.

The city of Los Angeles is facing a
financial problem which it finds diffi-
cult to solve. As a detail in the re-
ports, there is in the city treasury of
Los Angeles about \$10,000,000, derived
from the sale of bonds for the putting
in of the extensive waterworks that
have been planned and are largely con-
structed. This \$10,000,000, it is ex-
pected, will lie idle in the city treas-
ury of Los Angeles for about a year
before it is called for in the current
payments for doing public works. The
banks decline to meet the terms of the
requirements as to the deposit of mu-
nicipal securities, these being the de-
posit of 110 per cent of municipal se-
curities in order to obtain city depos-
its. The banks decline to do this, and
the prospect is that the money will be
idle for the year. The city is paying
interest on this bond money of some-
thing over 4 per cent, so that the tax-
payers of the city are paying a loss in
interest of upward of \$400,000 for the
year on account of this transaction.

No doubt those officials who nego-
tiated for the paying over of this \$10,-
000,000 in bond money thought that it
would be a good thing to get the
money into the city and put it to prof-
itable use, just as this city did when it
negotiated its million-dollar loan to put
in the Big Cottonwood water supply
and dig the sewers provided for. In
this city the proposition worked all
right, because there was no hamper-
ing requirement as to impracticable
municipal securities that must be de-
posited in order for the banks to get
the money. Here the banks took the
money on good terms, and the city was
no loser, while the community received
the benefit of the use of that money.

But in Los Angeles the problem is
to get that money into use so that the
city will not lose the \$400,000 which it
pays in interest. As far as developed,
no solution appears. But it would seem
as though the city ought to be able to
protect itself fully in letting the banks
have this money on the payment of the
which the city is required to meet, and
let the money get into circulation
among the people for the benefit of the
business of the city. If this cannot be
done, it would have been far better not
to issue the bonds or call for the money
on the sale of them.—Salt Lake Tri-
bune.

NOTICE FOR PUBLICATION

United States Land Office, Pho-
enix, Arizona, June 15, 1912.

Notice is hereby given that Clin-
ton Lauver and C. C. McEwen have
made application for Patent for the
Muscovite Placer Mining Claim, min-
eral survey No. 2964, situate in the
Phoenix Mining District, in Mari-
copa county, Arizona, consisting of
ten (10) acres of ground, in which
is a deposit or quarry of monum-
ental and building stone, and it is
located about 6½ miles south of the
city of Phoenix, in said county and
state, and more particularly described
as follows, to-wit:

Beginning at corner No. 1, the
northeast corner, where a marked
stone is set, and from which the
quarter section corner on the line be-
tween sections 8 and 9, T. 1 S., R. 3
E., G. S. R. B. & M., bears north
17 degrees 25 minutes east 115.45 feet;
thence south variation 14 degrees east
660 feet to corner No. 2, where a
stone is set marked with a cross
on top; thence west 660 feet to
corner No. 3, where a stone is set
with a cross marked on top; thence
north 660 feet to corner No. 4, where
a granite boulder 8x9x20 inches is
set 12 inches in the ground, chiseled
"M-2964-4" and a cross on the top
of the boulder at exact corner point;
thence east 660 feet to the place of
beginning. All corners have granite
posts to mark same, marked and set;
Being all placer and valuable only
for a deposit of building and monu-
mental stone therein.

Said claim containing 10 acres and
forming a portion of the SE¼ (un-
surveyed) of Section 8, T. 1 S., R.
3 E. of the G. S. R. B. & M.

They have complied with the legal
requirements under the United States
mining laws, and now seek patent to
their said claim. There are no con-
flicting or adjoining claims.
